

How RAVE GUARDIAN Works:

- 1 Download "Rave Guardian" in the Apple or Google Play store.

- 2 Enter your email address and phone number to join your school's customized Rave Guardian app..

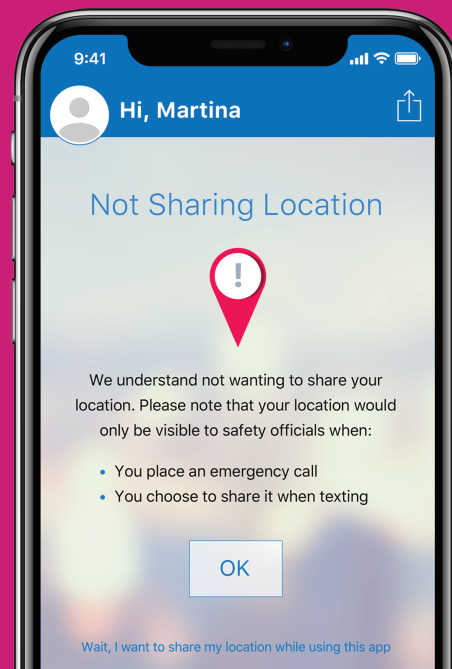

- 3 Access the tools and resources customized for your school.

WE CARE ABOUT YOUR PRIVACY

With Rave Guardian, you choose what information you want to share. You can share your location to receive geo-targeted alerts and faster response to an emergency call. However, you do not need to share your location or other personal information to use the app. You can access resources and submit tips even without your organization knowing who or where the information is coming from.

Any information you enter into the app is housed in top-tier secure facilities complete with 24/7 physical security, video surveillance, and alarms. The facilities and applications are regularly audited and subjected to intrusion prevention testing. We utilize the same secure sockets layer (SSL) certificate authority and encryption technologies used by leading financial institutions.

STAY CONNECTED AND SAFE

No matter the situation you are in, your school is two clicks away and can provide the help and resources you need through the Rave Guardian™ app.

HELP & RESOURCES ARE JUST ONE CLICK AWAY

DISCREETLY CONTACT CAMPUS SAFETY

Prevent dangerous situations by discreetly sending anonymous tips with a photo or location as needed.

STAY INFORMED

Received alerts based on your location, even when you don't have a cell signal.

NEVER TRAVEL ALONE

Set a virtual safety timer for an extra layer of safety wherever you are.

FIND THE RESOURCES YOU NEED

Access emergency procedures, schedules and other key documents in a custom content portal.

MAKE THE RIGHT CALL

Easily find assistance and resources with a custom call directory of your organization's important numbers.

HELP IS ON THE WAY

With a push of a button, you can directly connect to 9-1-1 or campus safety in an emergency.

There's a party going on down the hall. It's getting very loud and I'm trying to study.

Thank you for reporting this. Your tip will remain confidential. Can you please tell me what building you are in?

Founder's Hall, second floor.

We will send someone over immediately.

See Something, Text Something

When you need to contact campus safety, you don't want people overhearing.

Rather than risk not reporting a loud party, someone who drank too much or suspicious character, submit a text message directly to campus safety or other key departments.

Only they will see the tip, and your tip will be confidential for ultimate discretion.
