

Let Your Friends Watch Your Back

Walking late at night or traveling to new areas poses increased risks and you may not always feel safe. With **Rave Guardian™**, you are not alone.

In 5 easy steps, you can set a virtual safety timer to have your friends and family watch over you for an added layer of security.

Add Guardian

Say Where You're Going

Set Duration

Start the Timer

Your selected contacts will get a text and can select to monitor the timer session without the use of an app

If things escalate, an emergency call is just one click away
