

RAVE MOBILE SAFETY Coronavirus Recovery Solution

The **Rave Coronavirus Recovery Solution** will make returning to work or school easier, quicker, and safer by providing the technology needed to take the appropriate steps of reopening effectively. We are here to partner with businesses and schools during times of crisis and emergency situations like the coronavirus pandemic. Let us keep you safe and compliant by supporting the new normal and the best practices you put into place as you fully reopen your doors.

-  **GEOPOLL HEALTH CHECKS** with automated polling via SMS, email or voice to know if your people are healthy before returning to work.
-  **TWO-WAY MESSAGING** for quick and confidential tips on health and safety concerns and violations.
-  **SYMPTOM AND HIGH-RISK TRACKING** to identify the most vulnerable populations, hotzones or areas.
-  **TARGETED COMMUNICATIONS** to specific groups or individuals from a centralized, trusted source of information.
-  **REPORTING & ANALYTICS** with a dashboard showing the overall health of your school or business.
-  **STAFF SCHEDULING** to fill shifts with available and healthy employees or faculty members in a moment's notice.
-  **ACTIONABLE RESOURCES** at the click of a button such as self-check health tips, quick access emergency call directory, local resources, and office openings or closures.
-  **CONTENT DIRECTORY** of important information, policies and procedures, rules and regulations, and emergency contacts.
