

PROTECT YOUR CHILDREN

There are four common reasons parents of children with **Autism Spectrum Disorder** may need to call 9-1-1:

- 1 A missing child
- 2 A health condition, such as a seizure or allergic reaction
- 3 An emotional outburst resulting in aggressive behavior
- 4 An accident that causes physical injury

With **Smart911**[®], you can provide information about your loved one directly to 9-1-1 and first responders. Smart911 is free, private and secure and **protects over 41 million people nationwide.**

PHYSICAL DESCRIPTION

If a child cannot be located, Smart911 can provide a current photo and physical description to assist responders.

MEDICAL HISTORY

Include if a member of your family has Autism Spectrum Disorder, ADD/ADHD or other disorders.

EMERGENCY CONTACTS

List the emergency contacts you want to be noticed if you a family member calls 9-1-1.

Download the **Smart911 app** or sign up online today.
